Earl F. Hegerle Killed in Plane Crash Thursday

S/Sgt. Earl F. Hegerle, 26, of Ocean Beach, was killed Oct. 19 in a plane crash, in which five others of the crew lost their lives. Details of the crash are meager other than that the plane caught fire in the air and that the accident happened while the plane was over Deming, N. M. Hegerle was stationed at Biggs field, Tex., where he was taking final training as an aerial engineer before being assigned to overseas duty.

The message of his death came Friday night to his parents, Mr. and Mrs. I. A. Hegerle, 4519 Bermuda ave. His body, accompanied by army air corps escort, arrived here Wednesday.

Funeral services in his honor are scheduled for 9 o'clock this (Friday) morning in Sacred Heart Catholic church, Ocean Beach, with Father E. F. Hannon officiating. Burial will be in Holy Cross cemetery.

Earl was born Sept. 19, 1918 at Watertown, Minn. and graduated from the high school at Mound, Minn. With his parents, he moved to Ocean Beach in 1936, and his home had been here since. He entered the service in 1940 with the 251st Coast Artillery, San Diego's own unit, and served 2½ years overseas. He was at Pearl Harbor on the fateful day of Dec. 7, 1941.

On his return to the States he transferred to the army air corps and had been training as an aerial engineer at various air fields in this country.

He was married to Eileen Herron in Texas Nov. 19, 1943. Left to mourn are his widow and their baby boy, William Roy, and his parents and four brothers and five sisters. Two of the brothers and one sister are in the service. The brothers are Lt. Mathew Hegerle, also in the army air corps and Harold Hegerle in the navy and the sister is Cpl. Charlotte Hegerle of the marine corps women. Two brothers, Donald and Walter, and two sisters, Larene and Jean, are at home here; and the other two sisters are Mrs. Lucille Tenney, San Diego, and Mrs. Ruth Bush of Oregon.

American Legion Post Shows New Life This Fall

Renewed interest in American Legion activity was shown by members of Clyde A. Wright American Legion Post 433 at the October meeting, held Thursday evening at the Woman's clubhouse. Attendance was the largest in many months. At least 35 of the Legionaires were on hand.

Commander Earl Shaw announced that Assemblyman Fred Kraft had given hearty endorsement of Proposition Number 1, to be voted on November 7, the proposition that proposes to provide loan aid for the purchases of farms and homes to veterans of this war. "This law," said Kraft, who is a veteran of the last war, "has been a great help to the veterans of World War I in obtaining a home or a farm, and I feel that the law should be kept active, thus giving the same privilege to the heroes of this war."

Proposition Number 1 has been endorsed by the American Legion, by the Ocean Beach Chamber of Commerce and by many civic clubs not only in San Diego but throughout the state, Commander Shaw stated.

Capt. Burritt S. Mills, post service officer, reported that his office is now in position to give information on the so-called "G.I. Bill of Rights" law and "should there be additional information desired than what we have, we will refer inquiries to the proper source of information."

The post voted to sponsor a dance to be given at the Ocean Beach USO on Armistice day, November 11. The actual functioning of the dance will be under the direction of Lloyd Greeson, manager of the local USO, says Earl Shaw, the post commander. The American Legion will secure the music and supply the refreshments and assist the USO in entertaining the men and women of the armed forces and their escorts.

Pfc. Bonifacio L. Fleps, 20, whose wife lives at 121 Hill st., Ocean Beach, is one of five Marines who saw a lot of action together in the Peleliu Island battle with the Japs, and who are now home as among the first Marine casualties to come back from that battle. The Ocean Beach Marine is now taking treatment at the Naval hospital for wounds he received in the Peleliu battle. Telling of his experiences, Fleps said: "It sure is good to be home, but it's too bad we had to leave so early. There are five of us who would like to stay together at the hospital. We met a couple of months ago and have been through a lot together. Two of the other four of the group are from Wisconsin, one is from Massachusetts and one from Kentucky."

Mrs. S. Hughes of 4612 Long Branch ave., has received word from her son, Nicholas, of the U. S. Army, who was wounded on "D" day in the invasion of Normandy, that he is now up and around at the hospital in England, where he has been given treatment. Her other son, Desmond, of the R.A.F., is now a pilot officer in the Royal Air Force, having been commissioned last July. He now has the award of the Distinguished Flying Cross for bravery shown in a raid over Germany in July. Among his thrilling experiences was the crash of his plane in the North Sea in November, 1943, after the plane had developed motor trouble. With other members of the crew he was adrift in the water for 14 hours before they were picked up. Desmond is now an instructor at an R.A.F. air base in England. Both he and Nicholas attended San Diego high school. Mrs. Hughes' nephew, David H. Douglas of the U. S. Navy, after 2½ years of service overseas is now on duty at the San Diego Naval Training station. He attended Pt. Loma high school. All three of these men are grandsons of Mrs. Mary Hennessy, also of 4612 Long Branch.

LT. (jg) CHAS. E. PLUMMER, OCEAN BEACH OFFICER, AWARDED AIR MEDAL

Lt. (jg) Charles E. Plummer, jr., of Ocean Beach, who once in the flak-filled skies over Saipan, found the odds against him were about 40 to 4, has been awarded the Air Medal by Admiral Chester W. Nimitz, USN, commander-in-chief, United States Pacific fleet, Eleventh Naval District officials disclosed today.

He earned the decoration for shooting down a Japanese plane while a member of Navy Composite Squadron 33, which was based on a Casablanca-class carrier, operating in the vicinity of Saipan.

The 21-year-old flyer has come through an assortment of Pacific action unscathed; his plane which he refers to as a "work horse," unscarred.

At the time Lieutenant Plummer accounted for the Jap aircraft he was one of a four-plane division that intercepted and dispersed an enemy attack group nearly five times their number. A short time later he joined nine other Navy planes to encounter a second group of 33 enemy aircraft. His squadron destroyed ten of them and damaged seven others.

"He contributed materially to the frustration of the enemy," the citation accompanying the award summarizes his action.

He is the son of Capt. Charles E. Plummer, USA., and Mrs. Plummer of 4629 Tivoli st.

Ocean Beach police were called to the Steventon home at 3771 Earlham st., Frontier Housing project, at 9 p.m. Wednesday, where they found the Steventon 18-months-old baby boy, Franklin B. unconscious from asthma. After about an hour's application of the police resuscitator they revived the child and had him taken to Mercy hospital and placed in an oxygen tent.

They were called the day before, at 11 a.m., to 5054 Narragansett ave. to render first aid to Jacqueline Murphy, 31, who had attempted suicide by cutting a large vein in one arm with a razor blade and had taken sleeping tablets, according to the police report. She was rushed to a local clinic and later taken to the Navy hospital. Motive for the act was not reported.

Plan For Three Police Cars

The local police will have three police cars on duty Hallowe'en night in Ocean Beach, Sgt. R. J. Karrow reported Thursday. Already three juveniles, caught soaping cars were taken home to their parents for discipline Tuesday evening, he reports.

Publicity Chairman.

A white icicle radish that grew to be a decided freak, with an appearance almost human, was shown at The News office Wednesday by S. H. Jellison of The Plains, Ohio, who is living with his daughter, Mrs. Victor Howard, 4745 Coronado ave. He has been the gardener at the Howard place this season and pulled the radish from the garden there Wednesday. The freak is really a combination of five radishes with two of the largest units twisted around two of the others. "I've grown them before with two or three prongs, but never with five," he said

GLENN JONES REPORTS THEFT OF 273 GALLONS GASOLINE FROM STATION

Tests that he has been making of the underground tank at his Richfield Service station at 1946 Bacon st. has convinced Glenn Jones that the loss of gasoline that occurred last month was not due to any leak in the tank. He has since decided that the 273 gallons of gasoline missing was taken by gas thieves siphoning the liquid from the tank some time during the three-day Labor day holiday week-end, during which period the station was closed.

Since making the test for leaks he reported the loss to the local police. He stated Wednesday that the thieves might even have carried on the theft in broad daylight. His first thought was that the tank had sprung a leak due to rust. Since the period mentioned, however, the tank tests have shown no loss from leaks or other cause.

Pt. Loma High Stays on Top In League Play

Pt. Loma high, following a hard-fought battle with La Jolla high on the latter's field Friday, remained on top in the Victory football league play, having won three games straight. San Diego high is second, having won two league games without a defeat.

The Pointers edged out La Jolla 7 to 6, after the Vikings had taken the lead with a touchdown on a forward pass in the first quarter. Their try for the extra point failed.

In the third period, Halfback Bill Foran snagged a forward pass from Quarterback Tom Wilson on the La Jolla 30 yard line, dodged two tacklers and scored standing up. Wilson added the all-important extra point with a place kick.

In the only other league game played Friday, Coronado high defeated Sweetwater high 6 to 0. San Diego high played Long Beach Poly in Balboa stadium Friday night and lost 20 to 6, before a crowd of 13,000.

OCEAN BEACH SCHOOL NEWS

Mrs. Mary Noel, the school nurse, showed a film to the Ocean Beach elementary school assembly, held Tuesday, Oct. 24. The film, titled "Defense Against Invasion," produced by Walt Disney, was the all color animated story of the process and benefits of immunization.

Total of the weekly war stamp and bond sale netted $117.95. The fourth grade, room 9, was high in sales.

Grade 6, room 19, has been studying transportation in social science. The class has seen several movies — both silent and sound pictures, showing various methods of transportation. Committees have been making special reports.

The boys and girls in Mrs. Conger's second grade took a two-mile hike to view the San Diego harbor. Each pupil took along a good lunch to enjoy on the hillside. They saw many kinds of boats and larger ships in the harbor. On returning to school, they drew a miniature San Diego harbor on the room floor. They are building miniature boats and ships to work in their harbor as a part of the class work.

OCEAN BEACH MAN HURT IN MOTORCYCLE ACCIDENT

Suffering a possible skull fracture and numerous bruises, Joseph L. Channell, 39, of 5085 Cape May ave., was taken to the county hospital Saturday. His injuries were the result of an accident that happened shortly before when the motorcycle he was riding on Frontier st. at the Fordham st. intersection struck a hole in the street, careened out of control and skidded about 150 feet, the investigating officer reported.

Former Publisher H. H. Hartvigsen has been ill in bed at his home, 4835 Newport ave., for several days, suffering with "flu" and complications. His son, Sgt. H. Austin Hartvigsen, planned to leave today (Friday) to return to his duty with the U. S. army engineers in the Aleutians.

About Two Thirds War Chest Quota Already Raised

A total of $609,721, or about two-thirds of the $979,021 quota set for San Diego in the 1944 War Chest campaign set to run until November 11, has already been raised, according to reports made at the luncheon meeting held in the San Diego Hotel, Tuesday noon. Mrs. C. W. Early, local chairman of the Ocean Beach residential area of the drive, attended the meeting.

Del Mar was reported to be the first community in the county to reach its quota in the campaign. The county division of the campaign has reached a total of $36,084.96 in subscriptions toward its $136,000 quota.

Determination of the volunteer "army" of 5000 to reach the $979,021 goal of the campaign by the closing day, November 11, was strengthened by the statement of the status of the county effort.

It also was announced that the next report luncheon will be held at the San Diego Hotel next Monday noon.

County workers rejoiced at the report received from Consolidated Vultee Aircraft Corp. that the employee forces have staged a spectacular inter-plant drive resulting in a total of $181,126, putting the factory "over the top."

The employee donation, plus that of the management, $131,750, reported earlier in the drive, accounts for more than 31 percent of the entire Chest goal, L. V. Griffith, campaign director said.

Pt. Loma High to Hold Old Time "Spelling-Bee"

By Mrs. Brodie

"Readin', writin' and arithmetic are steadily regaining their standing of the "little red school-house days." Boys and girls in our city schools are finding more and more the necessity of more concentrated efforts in their studying on these basic fundamentals. Of primary importance is spelling. A new impetue throughout the San Diego city schools is being placed on this important phase of education.

Keeping in pace is the English department at Pt. Loma high school. To further the interest and study in spelling, students in the English classes are presenting a student body assembly, Thursday, November 2. The theme of the program will be an old-fashioned "spelling-bee" with, of course, the serious note highly emphasized along with the staging of the performance. Twenty original scripts have been written in the English classes. From these the final script will be chosen for the program.

Students who submitted scripts include Eveline Barclay, June Rooney, Richard Miller, Janet Roenicke, Nancy Sherwin, Virginia Wiggins, Ann Peckham, Amelia Bruce, Adele Kissinger, Roger Poole, Teresa Murphy, Doris Dippollett, Rebecca Fields, Kenneth Fold, Gordon Thompson, Evelyn Caywood, Pat Buckner, Myron Morrison, Mary Ann Lodge, Wanda Isbell, Dorothy Bell and Patty Scott.

HALLOWE'EN

A release from the business agent of Goblins Union No. 1 informs us that because of the shortage of broomsticks, all gremlins, imps and witches are urged to stay close to home on Hallowe'en, transportation being what it is these days.

"Broomsticks have gone to war," he declared, "and our 'share-the-ride' program cannot hope to accommodate every goblin and witch with mischievous errands to do on Hallowe'en. Besides, if we load too many witches on one broomstick, it might be mistaken for a buzz-bomb."

He revealed that the action of the Goblins' Union had been voted over the objection of a turbulent minority. And he warned that some of the minority intended to get their mischief done at all costs. On this minority, he said, should be placed the blame for doorbells rung by unseen beings, soap scrawls on cars and windows, overturned fences, up-ended garbage cans and similar mysterious and disconcerting operations.

The program this year of the majority of goblins, he said, is all play and no pranks. To this end, he bespoke the cooperation of every parent, which undoubtedly will be gladly given.

NAVY DAY

On this Oct. 27—Navy day—it is good to realize that the darkest days of our Navy which followed the Pearl Harbor attack have been wiped out through the greatest naval building program in history.

It was nearly three years ago that many of our capital ships lay desperately wounded in Pearl Harbor, and Tokyo was chanting, "Where is the American fleet?" Tokyo knew then—and laughed. It knows now—and shudders!

The sneak attack of Dec. 7 was designed to wipe out our Pacific sea power. It almost succeeded. But the warlords of Nippon miscalculated on our ability to repair ships and build new ones. Virtually every vessel damaged in that attack has long since been put back into action and the number of our fighting ships has been trebled since the "day of infamy."

In this vast shipbuilding program—in which California has played a major part—it has been demonstrated how well Americans can cooperate when the chips are down. It has shown what capital and labor, big business and small business can do in working together. The state's largest bank, for example, took the lead not only in financing California war production, but in getting small manufacturers to work together in order to obtain war contracts which they could not have handled individually.

From their little shops flowed millions of parts that have gone into the building of thousands of ships—ships whose big guns or carrier planes have blasted the enemy on Formosa and the Ryukyus, and are making possible right now the landings in the Philippines.

So on Navy day we salute our valiant warriors of the sea for the magnificent work they have done, and bid them Godspeed in the great task that is yet to be accomplished. They shall not fail.

FOR VICTORY—BUY UNITED STATES WAR BONDS

HEAD OF POST OFFICE BACK ON JOB MONDAY

Harold K. Rankin, superintendent of the Ocean Beach postoffice, was back on the job Monday after a three-week vacation. He spent a part of it on a trip to the Masonic grand lodge convention at San Francisco Oct. 10, 11 and 12, as one of the delegates from Pt. Loma Lodge No. 620 F.&A.M.

Then he and Mrs. Rankin visited his parents, Mr. and Mrs. Wm. M. Rankin, at Redlands, Calif. a part of last week, and were present Sunday for the 60th wedding anniversary of the parents at Redlands. His brother, Louis Rankin, also of Ocean Beach, attended the family reunion held in celebration of the anniversary, Sunday, Oct. 22.

Ocean Beach Camp and Hospital

By ONA E. PITCOCK

San Diego Chapter of American Red Cross was deeply saddened by the death of Mrs. Leroy Barrows, chairman of Canteens. She will be greatly missed not only by her dear ones and Red Cross but by all who knew her. She had one of the hardest tasks in Red Cross work and did it so ably. It will be hard to fill her place. Our sympathy goes out to her loved ones.

"He has returned." Those words meant so much to every American but you can imagine what they meant to me who has listened day after day to the Jap propaganda just to hear a few words from our boys held prisoners there. Thank God some of those boys are free now and we know it will not be long until they all will be free as will the Philippines. However, the war is not over or nearly over and more and more wounded boys are being returned to our hospitals here so we will all have to work harder. There will be many more casualities so please go to blood plasma center and give a pint of blood to save a life.

I wonder if any one has a "Nativity set" that they will loan to one of the wards in the hospital. It is somewhere they cannot have a tree and Miss Nye says it will have good care and be returned after Christmas. Don't forget to send in Christmas cards. So many are needed.

We have had several contributions this week. Mrs. Burnett gave a flute that had belonged to her son and a cane besides clothes hangers and other articles. Mrs. Rogers of Eastern Star gave tree decorations, clothing, jig-saw puzzles, books and other articles that are greatly needed.

Miss Byrl Mathews of the "Book - Mark" gave Christmas cards and boxes as did Mrs. B. H. Haddock Mrs. Haddock sent about 800 cards. We have had several cash donations to be used in buying material for our boxes, besides our aprons, pillow tops, clothes-pin bags and laundry bags are going like hot cakes. We are so thankful as we want every boy in the service to have a Christmas box.

If you have tree decorations or light bulbs please send them in. They are badly needed.

All the ladies who did sewing and knitting through this center and had hours credit coming to them please contact Mrs. Fred Payne, chairman of production by calling F-8871 as she has my files, and she is giving you credit when your work is being sent in. When your 100 hours are made up you will receive your pin.

Don't forget Wednesday is cookie day and those boys in the hospital are looking forward to that day.

If I can be of help to you call me at B-5639.

The ladies of Mrs. Brewer's district have sent in many articles for the boxes and other gifts besides they always have a goodly amount of cookies.

At the center, 4769 Del Monte, we have the Christmas boxes at two cents each.

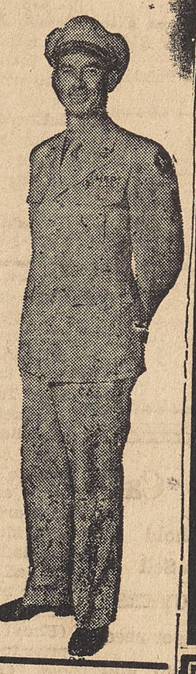
God Is My Co-Pilot

By COL. ROBERT SCOTT
U. S. Army Air Force

Introduction by
MAJ. GEN. CHENNAULT



Over the Burma road, in the skies of China, Col. Scott flew and fought against overpowering odds. His story is "full of hair-raising adventure, pathos, romance. drama and almost incredible heroism."

Says John Chamberlain, of the New York Times: "The most fascinating personal story of the war. Whatever way you take him, Col. Scott is one whale of a man."

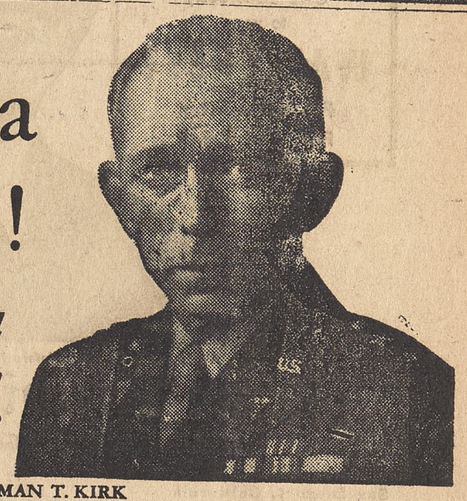
California Women!



"The U. S. Army Medical Department urgently needs you now"

MAJOR GENERAL NORMAN T. KIRK
Surgeon General U. S. Army

IF there burns within you a sincere desire to do something active and important to help win the war, here is your opportunity. Join the WAC—serve in the Army Medical Department, where women are vitally needed now. You can help bring the war to a quick, successful end. You can help bring our loved ones—your loved ones, perhaps—home sooner. And you can learn a valuable technical skill that may be the foundation of a career after the war.

With the biggest battles of the Pacific still ahead, the West must take a still more active part in the war. You are needed here, in Australia perhaps, or elsewhere behind battlefronts, to give our men the needed attention.

The care and rehabilitation of the sick and wounded is a woman's noblest work. Get into it if you can. If you are between the ages of 20 and 50 and have no children under 14, or other dependents, call the nearest U.S. Army recruiting station to volunteer for this vital service.

And Greyhound is looking ahead, planning for a finer, larger, better highway travel service when the war is won.

WHAT'S BUZZIN'!

By CHERIE.

Spotlights! . . .

Little **Billy Coats** can thank Mother **Caroline** for the clever new color scheme in his bedroom. (Caroline is the former **Caroline Brown** of the 5 and 10 store where the **Bonnie Jeanne Photographers** are now situated). . . . Tuesday evening the men of Kiwanis entertained their wives at their weekly meeting at the Women's Club. **Frank McElwee** carried the honors for having accumulated the most silverware in his pockets, and had to contribute a fine to the "kitty"! (Those who laughed the loudest probably discovered a salt shaker nestled in their's later!). . . . **Buda Mero** is in New York with little **Budalee**. . . . Sam Petcher will claim another year November 5. . . . **Frank King** is now using his own personalized matches due to a birthday on October 19 . . . There's sure a lot of buzzin' going on these days. Take f'rinstance, **Harry Herz** and **Jack Carpenter** and **Dan Moss** and **Bud Loos.** What's cookin', boys? (As if we didn't know!). . . . **Celeste Hollycross** is another Libran, and that just proves that they are people of fine ability and high ideals! . . . **Milton Lancaster** has had his building, (Market Basket) all dolled up in pale green and silver trim, and believe us, it's very outstanding! . . . **Sgt. "Hi" Glaser** (Elms) was in town for a few days prior to being transferred . . . **Gordon Carter's** impersonation of Charles Boyer recently, had all the earmarks of a fine performance. . . . **Nedra** and **Harry Polan** (Nedra's Gift Shop) will celebrate their (?) wedding anniversary Saturday, October 28. . . . Incidentally, did you know that **Nedra** and **Harry** are **Serene Petcher's** aunt and uncle? **Lela Doran's** newly purchased home in Loma Portal is a dream! . . . **Martin Murphy** has the oddest experiences while on his collections! . . . **Jake's Ocean Beach Recreation Room** is undergoing a "termiting." It was either the termites or Jake! . . . **Fred Kraft's** window is an outstanding display of the personal belongings and military attire of a Japanese General. . . . **Joe** and **Mary Lownes** (Lownes Dept. & Variety Store) could be found simmering over new merchandise in L. A. this week. . . . **APOLOGIES** to **Grace** and **Lloyd Greeson** whose twin daughters will be taken into Jobs Daughters next **MONTH** instead of this week. Also, I gave an extra birthday to **Jeanette Hendrickson** (Newport Hotel) in my last column! She and Abe Lincoln picked the same day in February. (I was **only** 8 months off!)

Book Review . . .

Celia Davis has given us an exceptional novel **"The Least of These,"** although it has the usual faults of a first novel. The impassioned eagerness of the writer has brought about an overwritten book, but essentially this defect has remained in the background.

The unimportant miseries of the Sharp family—Mrs. Sharp, who feels she is privileged to be able to love and care for her children and listen to the golden voice of her star boarder; fifteen year old Reenie, who is living in a whirl of the war blasted world and Queenie, the older daughter, who misses the gayety of pre-war days. These people, their lives among the ruins of the 1940 London blitz, are as real as a bomb in your front room.

At Random . . .

The Razor's Edge by **Somerset Maugham,** and reviewed by yours truly, still continues to hold its place high on the best seller list. . . . **Lillian Smith** did her dramatization of **Strange Fruit** down on Old Screamer Mountain, Georgia, where she conducts a summer camp for girls. It will be ready for Broadway production around the first of the year. . . . **Cecil Roberts** who wrote **The Labyrinthe** was formerly secretary to **Winston Churchill.** . . .War Correspondent **Quentin Reynolds,** who wrote **The Curtain Rises,** has made three overseas trips to battle areas without accident.

GOD IS MY CO-PILOT

By COL. ROBERT L. SCOTT

WNU Features.

FOREWORD

The author, Col. Robert L. Scott Jr., served under my command from July 1, 1942, to January 9, 1943, as commander of my fighter force. The only criticism of his actions as group commander was that he consistently scheduled himself as a pilot on all possible missions. He led all types of combat missions but specialized in the most dangerous, such as long-range flights to strafe from minimum altitude Jap airdromes, motor vehicles, and shipping deep in enemy territory. It was often necessary for me to forbid his participation in combat missions in order to enable him to discharge the many other duties of a group commander.

His story is a record of persistence, determination, and courage from early boyhood. Having determined early in life that he had to fly, he overcame all obstacles in the way to the attainment of his ambition. This story alone should be an inspiration to every American boy. Having become a military pilot, his determined struggle to meet the enemy and his glorious record first, as a "One Man Air Force," and later, as commander of the American Fighters in China, should be an inspiration to all Americans of all ages.

Colonel Scott's group of fighters always operated against greatly superior numbers of the enemy. Often the odds were five to one against them. Their planes and equipment were usually battered by hard usage and supplies were extremely limited. Both Scott and his handful of pilots had one resource in unlimited quantities—courage. They also possessed initiative and a never-failing desire to destroy the enemy. They wore themselves out doing the work of ten times their number. They demonstrated time and again that American pilots and planes are superior to the Japs. The results which they achieved prove indisputably that the enemy can be destroyed or driven from China if adequate equipment and supplies are made available. The offensive spirit displayed by Scott and his early pilots lives on in the men who replaced them. They impatiently await the weapons needed to drive on into the heart of Japan and to final victory.

C. L. CHENNAULT,
Major General, A. U. S.,
Commanding, 14th Air Force.

AUTHOR'S NOTE

My decision for the title of this book was probably made back there in Kunming one afternoon as the doctor dug those five rivet heads from my back. They had been driven in when a Jap explosive bullet hit the armor plate behind my seat. To keep my mind off the pain the big Cantonese intern of Doctor Manget's kept talking to me. He seemed to find it hard to believe that I flew the little fighter alone — that I dropped the bombs—fired the six machine guns — changed the fuel tanks — navigated and landed the fighter. Finally, with disbelief in his eyes, he looked at me and said, "Colonel, you are up there all alone —even talk over the radio when you shoot the guns?" As I waited for him to go on with another question, I heard the old doctor say, "No, son—you're not up there alone—not with all the things you come through. You have the greatest co-pilot in the world even if there is just room for one in that fighter ship—no, you're not alone."

I believe when this war is over that we will be closer to God than at any time in the past. I believe this because I have seen instances of real faith on all fronts. Take for instance: Just the other day a song came out, "Coming in on a Wing and a Prayer." That could have been conceived as a title or as the theme of the song only by some real event. A ship landed with an engine shot away—the fuselage gutted by fire and the plane riddled with bullets. One of the war correspondents hurried out to the wounded pilot and asked, "How in the world did you bring this ship in . . .?" The pilot shook his head, smiled and replied, "I don't know—ask the Man upstairs."

We who fly are going to get to know that Great Flying Boss in the sky better and better. My personal ambition is that He permit me to go again into combat against the Jap or the Hun; that He help me just a little to shoot down a hundred Jap ships—even a thousand. Then I hope He lets me come back to tell another story. I'm going to name that one—the sequel to this one—GOD IS STILL MY CO-PILOT.

CHAPTER I

Even the angels in heaven must have shrugged their wings after the few seconds of my first flight. For back home in Macon, Georgia, in 1920, I must have been, even at age twelve, the "vandal" type. There I climbed the steeple of the Baptist Church, and from the belfry took twelve whitish pigeons, carried them to a tent-meeting of Holy Rollers, and at the tense moment of fanatic prayer released them. I can remember nearly splitting my sides laughing at what happened—the darkies were rolling on the sawdust floor. They were rolling their eyes and yelling, "Gideon, Gideon—halleluiah—glory, glory!" I suppose the pigeons really did look like doves of peace.

But I had reckoned without the old preacher, who had me arrested for disturbing the noisy peace. When I got out of jail, more embarrassed than anything else, I swore vengeance on the Holy Rollers and the old preacher. Early one morning while delivering papers I took a razor blade and cut off fifty feet of canvas from the side wall of the converted circus tent—took it away and hid it in the woods.

I had no use for the purloined canvas, and to excuse myself from a nagging conscience I tried to forget it. But every morning I saw the jagged hole that I had made for vengeance. Later on I decided to build a glider, and for wing-covering the canvas was ideal. Then, with the cloth stretched over the ribs of the airfoils and varnished for tightening, even with American insignia painted on the fuselage, I found myself ready to fly. Two of my friends helped me pull it to the roof of a high colonial home in Macon, and with them steadying the wings I ran down the sloping roof and flew out into space. Now in those days I knew nothing of "main-spars," "center sections," or "wing-loading." With a crack like the closing of the jail door, the wing buckled in the center and I crashed sixty-seven feet to the ground. The Cherokee rose bush—that sacred State flower of Georgia into which I fell—probably saved my life, but the thorns stayed with me for a long time.

Some of these days G. I. Joe will be coming home. He'll want a job—and peace. We can help him by voting NO on No. 12, *"Right of Employment,"* November 7. This proposition attacks trade unions and threatens G. I. Joe's right to work. It would invalidate agreements between management and labor. It would interfere with the war production. It would bring chaos, confusion, industrial strife. It would lower the American standard of living in the post-war era. Protect G. I. Joe's right to work.

How Sluggish Folks Get Happy Relief

WHEN CONSTIPATION makes you feel punk as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lazy "innards", and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful senna laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even finicky children love it.

When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills*. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. *Doan's* have been tried and tested many years. Are at all drug stores. Get *Doan's* today.

WHAT IS AN APPROPRIATION?
CAN'T YOU SEE I'M THINKING! I'M TOO BUSY TO EXPLAIN!—IT'S JUST A TECHNICAL DETAIL ABOUT BUSINESS NOT NECESSARY FOR YOU TO KNOW!

SINGLE BLISS

Joe—Do you think it's unlucky to postpone a wedding?

Bill—Not if you keep on doing it!

No Back Talk?

Jack—I never noticed Mabel was much of a talker.

Mac—You didn't. Why, she was married to her last husband for three years before she found out he was deaf and dumb!

Nice and Fresh

Joan—Why, a stranger came up to me and asked me for a kiss the other day.

Jane—A fresh guy, eh? Did you slap his face?

Joan—As soon as he got through!

DAY DREAMING

A tough looking man walked into a lawyer's office in Boston and wanted to know: "Do you respect confidential information given by a client?"

"Yes, of course," replied the lawyer.

"Well, then, exactly what is the number of years you can get for holding up a government mail truck?"

The lawyer consulted his books: "Ten years," he answered. "When did this crime take place?"

"Oh, it's still in the planning."

Real Dilemna

Harry—What's wrong with Sam?

Jerry—He swallowed an egg and he's afraid to move—'fraid it'll break.

Harry—Why doesn't he just sit still then?

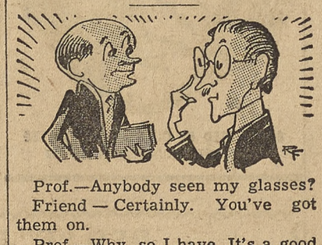
Jerry—Then he's afraid it'll hatch!

Some Reputation

Harry—He says he was born with a silver spoon in his mouth.

Jerry—Well, if he was, it had somebody else's initials on it!

OH, WELL!



Prof.—Anybody seen my glasses?

Friend — Certainly. You've got them on.

Prof.—Why, so I have. It's a good thing you saw them or I'd have hardly been able to see a thing.

Good Digestion

Sonny—Mom, you've got an awful big mouth, haven't you?

Mother—What makes you ask that, Sonny?

Sonny—I heard Dad telling the new maid last night that you swallowed everything he told you!

Oh, You Goose!

Jerry—I've lost my pet duck.

Harry—Why don't you advertise in the paper for him?

Jerry—Don't be silly. My duck can't read.

Proposal by Sponges

If you came down for breakfast one morning and found on the table a silken net containing 21 sponges, what would you think? Probably that the unknown donor had been to the Black Market, because sponges are almost unobtainable now.

But there is an island where, if you received such a present, you would know that one of your girl friends, 21 years old, was asking you to marry her.

Most of the world's supply comes from the Mediterranean—from Tunis, Crete, Cyprus, and Lampedusa, to quote only a few places. Supplies are also obtained from the Bahamas and Florida bay.

SNAPPY FACTS ABOUT RUBBER

If you have any doubts about the shortage of new passenger car tires, a recent statement by a government agency that knows the situation should clear your mind. It points out that less than one new tire for each car on the road will be produced in 1944, even if the industry is able to achieve the goal of 22 million passenger car tires.

Tire care is imperative now, particularly with users of truck and bus casings. Stocks are low, and it is estimated that during the latter part of the year there will be a shortage of 25,000 tires a month to meet replacement requirements on vehicles using tires of the 8.25 size and over.

Linseed Meal

Linseed meal is the by-product left when linseed oil is extracted from flax seed. For many years the oil was extracted by crushing and pressing the seed, either in a hydraulic pressure machine or in a screw press, sometimes called an expeller. The linseed meal from these pressure methods of oil extraction is known in the feed trade as "old-process" oil meal. Recently a third method of extraction, known as the solvent process, has come into use and the resulting linseed meal is referred to as "new-process" meal. Old-process meals usually contain 5 to 8 per cent oil and 33 to 34 per cent protein, while the new-process meals contain only 1 to 2 per cent oil and 35 to 37 per cent protein.

Before the cipher or zero was used by sixth and seventh century Europeans, it was used in the calculations of the ancient Maya Indians.

Prevent Accidents

Do your part in preventing home accidents and sickness. (1) Prevent home accidents by removing hazards. (2) Be careful while doing every task. Dress suitably for your work. Use the right kind of equipment and use equipment properly. (3) Avoid exposure and over-fatigue. (4) Eat some of all the "basic seven" foods every day. Good food keeps us physically fit. (5) A "first aid kit" should be in every home. Simple ills should be treated promptly. (6) Take the Red Cross first aid course in home nursing and nutrition, if you have an opportunity. Hospitals are full of sick people. Doctors and nurses are scarce.

Dairy Foods

The per capita consumption of dairy products was 16 per cent greater in the years 1937-41 than in 1909-16 and 23 per cent of the total quantity of foods consumed compared with 20 per cent in the earlier years.

Farm income from dairy products increased from 13½ per cent of total farm income in 1909-16 to almost 18 per cent in the 1937-41 period. At the same time the farm price of milk increased far more than the prices of all farm products, 20 per cent as against 3½ per cent. Gross farm income from milk increased 92 per cent, although gross farm income from all farm products increased only 44 per cent.

From 1909 through 1941 total food consumption remained at nearly the same level. Consumption of wheat and potatoes gradually declined—and fruits, vegetables (other than potatoes) and dairy products steadily increased.

The tide of war has rolled on far past Naples, but the children still show the indelible marks of that period of terror and death, as shown by the tot left alone. Thousands have been left without homes, parents or food. One of the biggest problems on civilian affairs is the providing of suitable relief for these tots.

Conquering the Octopus

Natives of the Coral sea have very little fear of strangulation in the grips of the monstrous octopus. Usually the octopus wraps its tentacles about the victim's legs, waist or neck and breaking this hold is simple. The native simply grasps the octopus' upper and lower jaws and, with a sudden powerful thrust, turns the mouth inside out. This bursts the ink reservoir, killing the octopus and causing the tentacles to uncoil.

Soldier of the Soil

VICTORY begins with the American farmer, working from long before sunset until long after nightfall. Upon him falls the burden of feeding the fighting forces . . . the civilian population . . . and hungry mouths in war-torn countries.

To the challenge of producing more food than ever, American soldiers of the soil have responded with heroic effort. Despite shortages of help and equipment, they have established records. They have contributed mightily towards winning the war.

Now you are asked to help your fellowmen in another way . . . to contribute money to give men in the armed forces needed recreation, to give books and sports equipment to prisoners of war, to give nerve-shattered men in the merchant marine a chance to recuperate. To give unfortunate people abroad and at home a chance to have life, liberty, and happiness.

The dollars you can give are needed more than ever this year. Please give generously.

OCEAN BEACH WOMAN TAKES PART IN YOUTH WELFARE CONFERENCE

Mrs. Donald C. Muchmore of Ocean Beach, who has been prominent here as one of the community leaders working for the proposed recreation center for this community, was named last week to represent the Ocean Beach community civic committees, to participate in the San Diego district youth welfare conference held Tuesday evening, in the Pacific Beach Woman's clubhouse. City Councilman G. C. Crary served as chairman of the meeting. Principal L. L. Bloomenshine of Pt. Loma high school, was one of the main speakers at the conference.

The conference was the first of a series of 10 district conferences scheduled for various communities in the county.

Sponsored by almost a score of local organizations and agencies the 10 conferences are designed to enable communities throughout the county to take inventory of their present facilities and programs for children and youth, and to plan together to meet special needs, Crary said. The conferences will be held in every high school district of the county and will extend through November.

BIRTHDAY ANNIVERSARY PARTY HELD FOR HARRY MASTERS JR. ON FRIDAY

Harry Masters jr. was honored Friday evening, by a group of his playmates with a Hallowe'en birthday party at his home, 1735 Froude st., celebrating his seventh birthday anniversary.

After masks were removed and everyone identified the evening was enjoyed playing appropriate games and the showing of home movies. During the party the group was visited by an old "witch" with her broom who happened to be in the neighborhood. Her present whereabouts are reported to remain a mystery.

The party was brought to a close with the serving of refreshments in appropriate Hallowe'en motif.

Legion Auxiliary Reports Numerous Aid Activities

President Myrtle Orrick of the American Legion Auxiliary, Clyde A. Wright Unit 433, reports the group has been unusually busy the past month in the home front war effort. At the October meeting held at the Woman's clubhouse Thursday evening, three new members were voted into the group, Mrs. Edna White, Mrs. Cherie Strauss and Mrs. Emma Young, the last named being an old member returning to the unit.

Mrs. E. Wright reported on her hospital visit and magazines distributed and scrap-books and 14 pair of high-top bed shoes given at Navy hospital. Mrs. A. Neujahr is knitting for the Red Cross. Mrs. M. Orrick and Mrs. A. McConnell worked 19 hours and collected $87.00 for the Community Recreation Center fund. Mrs. B. Shaffer has a returned serviceman and family as her house-guests until they can find a house.

The unit is making a phonograph record collection to be sent to the south Pacific. Will you please leave your records at 5069 Newport and if you have late magazines, the small size, they will be sent to hospitals," announces Mrs. Orrick.

Refreshments, orchestra music and a little social dancing brought the evening to a close. Legionnaires who were meeting at the clubhouse the same evening, joined in the fun.

HIGH TRIBUTE PAID TO MRS. BELLE BENCHLEY OF OCEAN BEACH, ZOO HEAD

High tribute was paid last week to Mrs. Belle Benchley of Ocean Beach, the director of the Balboa park zoo, by Fletcher A. Reynolds, Ohio zoo. Fletcher and wife last week visited the local zoo and commenting said, "I consider yours the most beautiful zoo in America, because it combines a wonderful natural setting with a first class animal and bird exhibit." Mrs. Benchley, he said, "is one of the outstanding leaders in our business today." He came to San Diego to get ideas for a post-war $3,000,000 expansion program he has planned for the Cleveland zoo. "We expect to copy some of the Balboa park zoo features such as the animal moats," he said.
